All breadth metrics on this page are same-session measures derived from open, close, and volume for the trade date.

Market Highlights

Desk-style highlights summarize broad tape conditions and the highest-impact movers.

Market Tone

Mixed breadth: 2366 of 5363 screened stocks advanced.

Real Estate led sector performance at +0.59% (264 stocks).

Technology lagged sector performance at -1.89% (686 stocks).

Insurance Brokers was a notable area of strength within Financial Services, with a median move of +2.89% across 17 stocks.

Semiconductor Equipment & Materials was a notable pocket of weakness within Technology, with a median move of -5.78% across 29 stocks.

EJH posted an outsized one-day move of +2245.92% in Personal Services / Consumer Cyclical; worth checking for a corporate action, bad print, or news event.

Impact Movers

- SYY (-15.28%) weighed on Consumer Defensive.
- MU (-9.95%) weighed on Technology.
- SNDK (-7.01%) weighed on Technology.
- LITE (-6.70%) weighed on Technology.
- TSLA (-1.79%) weighed on Consumer Cyclical.
- NVDA (-1.37%) weighed on Technology.

Overbought

The stock has gone up too far, too fast. It's stretched above its normal range. It may be due for a pause or pullback. Think: 'This thing has been running hot — maybe it needs a breather.' Eligible names are common stocks with RSI already above 70, priced above \$5, and still trading with at least 0.50x their 20-day volume ratio.

High Volatility Leaders

Volatile names that are also technically strong. Better if you want actionable but risky names. Eligible names are common stocks with non-null ATR percent, priced above \$5, trading at at least 0.75x their 20-day volume ratio, holding above the 50-day moving average, and still showing positive 50-day relative strength versus SPX.
